Keepit will not be liable in connection with its modification or discontinuation of the Services. This right will not limit the Customer's use under a current Order Form.

6. FEES, PAYMENT AND VERIFICATION

- 6.1. As consideration for Keepit's provision of the Services under this Agreement, the Customer will pay Keepit the Fees. All Fees are due and payable within thirty (30) days from the invoice date unless otherwise specified in the Order Form. All payment obligations are non-cancellable, and all amounts paid are non-refundable (unless expressly stated in the Order Form).
- 6.2. All Fees are expressed in and all payments will be made in the currency as set forth in the Order Form. All Fees owed by the Customer in connection with this Agreement are exclusive of, and the Customer shall pay, all sales, use, excise and other taxes that may be levied upon the Customer in connection with the Services, except for taxes based on Keepit's net income. Keepit reserves the right (in addition to any other rights or remedies Keepit may have) to discontinue the Services and suspend all UserID's and the Customer's access to the Services upon prior written notice if any Fees owed are more than five (5) business days overdue until such amounts are paid in full.
- 6.3. Keepit is allowed to adjust any prices set out in the Order Form annually on January 1, based on the development in the Net Price Index (in Danish: Nettoprisindekset) published by Statistics Denmark, which is a measurement of price trends, excluding indirect taxes. The first adjustment will be on January 1 in the year following the year of the start of the initial term. The adjustment shall correspond to the increase of the net price index from January to January. If the development of the Danish Statistics Net Price Index is negative, no adjustment will be made.
- 6.4. In case of late or non-payment, interest will be charged in accordance with the provisions of the Danish Interest Act.
- 6.5. Customer will provide, upon Keepit's request, evidence reasonably sufficient to verify actual usage and compliance with the rights granted hereunder and any Use Limitations. In the event that Keepit identifies any excess use beyond the permitted use hereunder, Keepit shall have the right to invoice the Customer additional fees related to such excess use, which shall be payable upon receipt of such invoice, unless otherwise agreed by the Parties.

7. DATA RETENTION

- 7.1. The Customer can configure Data Retention rules for the Customer Content within the Services. The Order Form will describe the Data Retention included in the Agreement.

8. DATA LOCATION

- 8.1. The Services are provided in several locations, currently in the EU, UK, USA, and Australia. Keepit may add new locations to the offering at any time but will not remove an existing location without negotiating an exit from that location with the Customer, provided that the Customer is serviced from the location in question.

- 8.2. Keepit's data centers are located as follows:

Continent	City, Country
Asia-Pacific	Sydney , Australia
Europe	Copenhagen , Denmark (EU)
	Frankfurt , Germany (EU)
	London , United Kingdom (UK)
Americas	Ashburn , Virginia (USA)

- 8.3. The Customer determines in the Order Form from which location the Services shall be provided by Keepit.
- 8.4. The Customer appoints Keepit to transfer Customer Content to the Services which will be stored exclusively in the location chosen by the Customer.
- 8.5. It is the responsibility of the Customer to choose a location suitable for the storage of Customer Content. For example, if Customer Content may not be exported out of the EU, then the Customer must choose the EU location for the Services.
- 8.6. Keepit does not control or limit the locations from which the Services can be accessed by the Customer, and to or from which location transfers can be made by the Customer.

9. ONBOARDING MEETING(S) AND EDUCATION OF SUPER-USERS

- 9.1. As part of the Agreement, Keepit offers to help set up the Services and educate the Customer's Representatives in the use of the Services. For this purpose, Keepit includes two (2) consulting hours free of charge.

10. SERVICE LEVEL AGREEMENT (SLA)

- 10.1. Access to the Services relies on the Keepit web application and the API front-end servers providing data thereto, in the location where the Customer has chosen to have the Services delivered.
- 10.2. Keepit will monitor the availability of the API front-end servers. In the event that all front-end servers for the location chosen by the Customer are unavailable for HTTPS services for more than one full minute, this will count as "downtime". Scheduled maintenance windows are excluded from this downtime. Keepit will notify any significant outage in availability known to Keepit, including scheduled maintenance, on its website, at <https://status.keepit.com/>. The Customer must subscribe there to receive direct notifications regarding availability. In case product functionality is unavailable and this is not covered by the aforementioned monitoring, this must be raised as a support issue instead and will not count as "downtime". See Section 20 for details on support.
- 10.3. The Services availability goal for Keepit is to deliver 99.9% uptime (0.1% or less downtime as defined above) over any calendar quarter.
- 10.4. If Keepit does not meet such an availability goal during a calendar quarter falling within the term of an Order Form, the Customer will be eligible for receiving Service Credits as per Table 1 below. In order for the Customer to receive such Service Credits, the Customer must claim the Service Credits by sending an email, during the term of such Order Form, to Keepit at business.support@keepit.com. Keepit will then provide the Customer with Service Credits according to Table 1 below. The Service Credits may only be applied to the Order Form with respects to which the Services availability goal was not met, have no cash value, and shall be the sole and exclusive remedy for a failure by Keepit to meet the stated availability goal.

Table 1: Service Credits

Availability	Service Credits
100 % - 99,90 %	N/A
99,89 % - 99,8 %	1 day added to the Customer's current Order Form term (1 free day)
99,79 % - 99,0 %	5 days added to the Customer's current Order Form term (5 free days)
98,99 % - 95,0%	10 days added to the Customer's current Order Form term (10 free days)
Lower than 95,0%	20 days added to the Customer's current Order Form term (20 free days)

- 10.5. Unless the Customer chooses different parameters for back-ups in the Services (including scope and timing), Keepit's policy is to provide at least one (1) back-up per day. In the event a backup is already in progress, a new backup will not start until the already running backup is completed. Initial upload, large dataset changes, significant backup reconfigurations and other events may cause a backup to run for longer than usual.
- 10.6. The operational status of the data centers and incident reports are available at <https://status.keepit.com/>.

11. SLA EXCLUSIONS

- 11.1. The SLA does not apply to any performance or availability issues due to:
 - a) factors outside Keepit's reasonable control (for example outage by an infrastructure provider or a Cloud Solution, or a force majeure event);
 - b) the Customer's, end-user's, or any third-party's equipment, services, actions or lack thereof; and/or
 - c) Keepit's scheduled maintenance or version upgrades.

12. LIABILITY AND INDEMNIFICATION

- 12.1. The Parties shall be liable for damages in accordance with Danish law, subject to the limitations set out in this Section.
- 12.2. The aggregated liability, including any infringement claims, of each Party under this Agreement for any non-performance of its obligations under the Agreement shall in no event exceed (i) an amount equal to the Fees paid during twelve (12) months immediately preceding formal written notice of the claim for liability, or (ii) in connection with a claim for breach of Section 14 (Confidential Information) or a breach of the Data Processing Agreement an amount of EUR 200,000.
- 12.3. Under no circumstances, including any infringement claims, shall the Parties be liable for any loss of profit or indirect or consequential losses, including but not limited to: re-procurement costs, interrupted communications, lost data, loss of goodwill, loss of revenue or profits, or for any other special, incidental, punitive or consequential damages, or lost profits, even if a Party has been advised of the possibility of such damages.
- 12.4. For the avoidance of doubt, administrative fines are imposed on the Party in breach of its obligations and, in consequence, neither party will bear the other Party's administrative fines.
- 12.5. Keepit warrants and represents towards the Customer that the Services do not infringe any copyrights, trademarks, patents or other intellectual property rights held by third parties. However, in respect of patents, only (i) patents granted and published on the date of the purchase and (ii) only if the Services are infringing as a stand-alone service in its unaltered state and not used in combination with any other service(s), product(s) or technology.
- 12.6. In the event that the Customer is the subject of a claim for infringement by a third party, based on the use of the Services, the Customer shall promptly notify Keepit hereof. Upon such notification, Keepit shall take over the matter and any costs related thereto. Keepit shall, in any event, have an irrevocable right to take over the matter at its own expense and thus institute proceedings or enter into settlements concerning the alleged infringements.
- 12.7. If a third party objects to the use or distribution of the Services (cf. above), Keepit shall be entitled, at its discretion, either:
 - a) to obtain the right for the Customer to use the Services
 - b) to bring the infringement to an end by modifying or replacing the Services with another service which possesses substantially the same functions as the Services
 - c) to terminate the Agreement with immediate effect against repayment of any charges prepaid by the Customer.
- 12.8. In any of the above-mentioned events cf. Section 12.7, occur, the Customer shall have no further claims against Keepit.
- 12.9. The Customer will indemnify, defend and/or settle, and pay damages of any kind (including without limitation attorneys' fees) arising from or related to any third-party claim brought against Keepit arising out of or related to the Customer's use of the Services, Keepit's permitted use of the Customer Content in accordance with this Agreement, Customer's violation of any law, or infringement upon or misappropriation of any intellectual property right, publicity or privacy rights, or any other third-party's rights, or Customer's breach of this Agreement.

13. FORCE MAJEURE

- 13.1. Neither Party shall be considered liable towards the other Party where the liability arises out of circumstances beyond the control of the relevant Party which could not have been taken into account at signing and could not reasonably have been avoided nor surmounted by the relevant Party.
- 13.2. The following circumstances are considered force majeure: war, civil war, natural disasters, or other extraordinary event outside of the Party's reasonable control.
- 13.3. If either Party is prevented from or delayed in performing any of its obligations under this Agreement by reason of a force majeure, such Party shall notify the other Party in writing as soon as practicable after the onset of such force majeure. The Party's obligations will be suspended until the time when the Party is again able to meet its obligations. If the obstacle lasts more than 60 days, the other Party will be able to terminate the Agreement with one (1) month notice in writing if the force majeure circumstances exist at the time of the notice.

- 14.5. Either Party may disclose certain Confidential Information of the disclosing Party, without violating the obligations of this Agreement, to the extent such disclosure is required by a valid and effective subpoena, order or other document issued by a court, governmental body or competent jurisdiction or stock exchange, provided that the receiving Party provides the disclosing Party with a prompt and practicable written notice of the existence, terms and circumstances of such a disclosure and makes a reasonable effort to obtain, or to assist the disclosing Party in obtaining, a protective order preventing or limiting the disclosure and/or waive the receiving Party's compliance with the provisions of this Agreement. In the event that such protective order or other protection is denied and that receiving Party or any of its Representatives are nonetheless legally compelled or requested to disclose such information, it or its Representatives, as the case may be, will furnish only that portion of the Confidential Information that its legal counsel advises it is being required and will exercise all commercially reasonable efforts to preserve the confidentiality of the remainder of the Confidential Information.
